FEDEX / KINKO'S PRINT INSTRUCTIONS

SettleUp Brainstorm QR Cardstock Stack

US Letter · portrait · one QR card per page · Brainstorm 2026 Denver

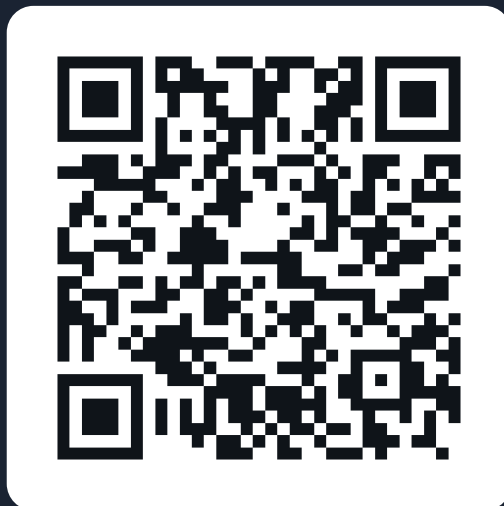

- Print COLOR (not B&W). Dark background is intentional.
- Paper: 80–110 lb cardstock OR glossy cover stock.
- Do NOT scale / fit to page. Actual size / 100%.
- Single-sided. One card per letter page (standee-ready).
- Optional: light trim to 5x7 or keep full letter for table stands.
- Also print SettleUp-QR-2up-cut.pdf for scissors cut cards.
- Cut marks optional — center QR is the target; keep URL readable.
- Qty suggestion: 25–40 of Book/Calendly as primary aisle;
- 10–15 each of demo, radar, pricing, letter-risk, facilitator.

Scan to open Calendly

Why scan

- Walk the refuse gate on your dispute stack - not a brochure tour.
- Proof already in: model \$1,000 vs ledger \$20,370.53 · refused.
- Pilot \$499/mo · Firm \$1,299/mo · Letter Risk Audit \$2,500.
- Nathan Platter · Principal, Analytics & AI | Revenue & GTM Intelligence.
- Investment frame: capacity you can defend after send.

Scan to open letter demo

Why scan

- Public DEMO-OUTPUT - the one letter out of 300 we refused.
- Run stats: 300 drafted / 20 blocked / 19 remediated / 1 hard refuse.
- Thesis: refuse over hallucinate. Wrong dollars don't leave.
- No login. Phone or laptop. Show the mismatch strip first.
- Then book discovery - don't aisle-buy Firm cold.

Scan to open SettleUp radar

Why scan

- Fit + priority radar for aisle targeting between demos.
- Phone-first. Founding window decay through Oct 2, 2026 CT.
- Live SKUs: Pilot \$499 · Firm \$1,299 · Letter Risk Audit \$2,500.
- Use after the refuse wow - not instead of it.

Scan for pricing story

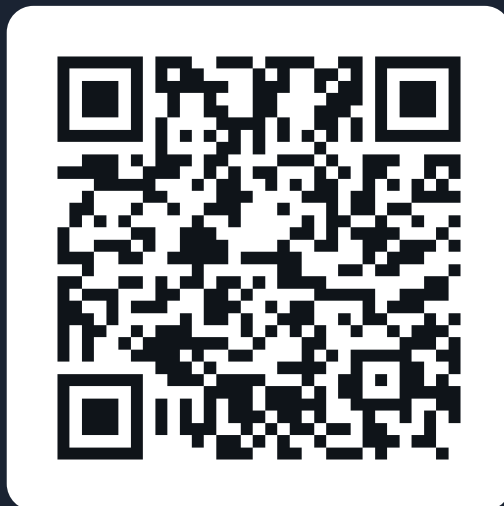

Why scan

- Pilot \$499/mo - start the letter-risk gate.
- Firm \$1,299/mo - broader ops/counsel coverage; book first.
- Letter Risk Audit \$2,500 - consulting SKU, not aisle-only.
- ROI frame: defensible capacity, not a cost-center AI toy.
- Scan for the full pricing story on the booth kit page.

CONVERSATION CARD

Scan to book discovery

Why scan

- Compliant tone is not ledger truth. Echoed complaint dollars ship risk.
- Ask: who signs the stop when the model is wrong?
- Our gate: check → one remediation → loud refuse.
- Proof: \$1,000 vs $\$20,370.53 \cdot 300 / 20 / 19 / 1$.
- Scan to book 20 minutes - bring your send path.

Scan to book · facilitator CTA

Why scan

- Hook: "Model wrote a thousand. Ledger says twenty. We didn't send it."
- Stats: 300 drafted / 20 blocked / 19 remediated / 1 refuse.
- Soft close: book discovery or send the refuse pack tonight.
- Never open mega-nav marketing as the demo surface.
- Scan Calendly - capture name, firm, role, one pain.
