- Optional: light trim to 5x7 or keep full letter for table stands.
- Also print SettleUp-DemoAssets-QR-2up-cut.pdf for scissors cut cards.
- Cut marks optional — center QR is the target; keep URL readable.
- Qty suggestion: 8–12 each of GitHub demo cards (repo, DEMO-OUTPUT, Pages home);
- 6–10 each of Polsia destinations most used (home, pricing, audit, landmine, brainstorm, everything).
- Label the physical stack “STACK B — Demo / Polsia” so clerks and Nathan don't mix piles.
